

CDPA Newsletter – 3 years old!

As of July 2016, we have been publishing this newsletter monthly for 3 years, featuring the research conducted under the auspices of the Canadian Disability Policy Alliance & the Canadian Disability Participation Project. It has proved a remarkably successful knowledge mobilization strategy, currently reaching a mailing list of about 150 individuals and 100 agencies or organizations (who we hope circulate it to their membership). The mailing list is growing each month in response to requests through the website, and we welcome new subscribers. We measure the success of the newsletter by the change in activity level on our website. Each month within 3 days of the release of the newsletter, the traffic to our website increases from a daily average of about 50 visitors to well over 150. View all our [newsletters!](#)

A vision of Canada where people with disabilities enjoy full participation and citizenship, supported by a coherent framework of legislation, regulation and programs.
